

Rings with Universal-Interface - Clamp Ring with Universal-Interface 56mm

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

Battle-Proven Modularity: Designed for installation on either the riflescope's main tube or objective bell, these clamping rings feature the field-proven ERATAC UNIVERSAL interface. This tactical system allows you to attach various Picatinny rail lengths and specialized adapter plates for mounting secondary optics or electronic accessories.

Optimized Split Configurations:

Main Tube Rings: Feature a dual-split (two-piece) design.

Objective Rings: Feature a single-split (one-piece) design.

Note: For riflescopes equipped with an integrated mounting rail on the main tube, only the objective-style rings can be used.

Streamlined and Adjustable Profiles: Each ring has a robust width of 18 mm and a low-profile base height (BH) of 3 mm. If additional clearance is required, the height can be easily increased using optional ERATAC spacer blocks.

Freely Indexable Positioning: When installing the rings onto your optic, the radial orientation can be rotated 360 degrees, allowing you to position your accessories at the exact angle that fits your shooting style.

Duty-Grade Build: CNC-machined from high-strength aluminum and finished with a non-reflective, matte black Mil-Spec Type III hardcoat anodization for maximum corrosion and wear resistance.

Attributes

- Name: [Clamp Ring with Universal-Interface 56mm](#)
- Manufacturer: [ERATAC](#)
- Product no.: EU2018012
- Mfr. No.: 03680-5756
- Colour: Black
- Delivery weight: 0.08kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: 03680-5756

Safety Instruction Guide for Rings with UniversalInterface Clamp

Introduction

Thank you for choosing the Rings with UniversalInterface Clamp. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully before using the product to ensure safe and correct usage.

General Safety Guidelines

- **Product Safety:** Ensure that you use this product according to the instructions provided. This product is designed for safe use in conjunction with riflescopes.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive any recall notices, follow the instructions provided for returning or replacing the product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety regulations. Always check for product safety information before completing your purchase.
- **Special Consumer Focus:** This product is not intended for use by children. Always supervise children in the vicinity of firearms or related accessories.
- **EU Contact Point:** For any safety inquiries regarding this product, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Stay updated on product safety information through the EU's Safety Gate platform. This will help you receive timely notifications about any safety concerns.

Specific Safety Precautions for Use

- **Proper Installation:** Ensure that the rings are installed correctly on the riflescope to prevent accidents or damage.
- **Check Compatibility:** Verify that the rings are compatible with your riflescope before installation. Only use the objectivestyle rings if your riflescope has an integrated mounting rail.
- **Avoid Overtightening:** When securing the rings, avoid overtightening the screws as this can damage the scope or the rings.
- **Regular Inspection:** Periodically check the rings for signs of wear or damage. Replace any damaged components immediately to ensure safe operation.
- **Use in Safe Environments:** Always use this product in a safe shooting environment and follow all firearm safety protocols.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools for installation, including a torque wrench.
2. **Identify Components:** Identify the main tube rings and objective rings. Ensure you have the correct number of each.
3. **Mounting the Rings:**
 - For main tube rings, align the rings with the main tube of the riflescope.
 - For objective rings, align them with the objective bell of the riflescope.
4. **Securing the Rings:**
 - Loosely attach the screws to the rings.
 - Gradually tighten the screws in a crisscross pattern to ensure even pressure.
 - Use a torque wrench to tighten to the manufacturer's recommended specifications.
5. **Positioning Accessories:** Rotate the rings to the desired radial orientation (up to 360 degrees) to fit your shooting style.
6. **Final Check:** Doublecheck all screws and fittings to ensure everything is secure before use.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the product in accordance with local regulations. Do not dispose of in household waste.
- **Recycling:** If possible, recycle the product components, especially metal parts, to minimize environmental impact.

Contact Information for Further Support

For any questions regarding the installation, usage, or safety of the Rings with UniversalInterface Clamp, please refer to the information provided by your retailer or manufacturer. Always ensure you have the correct support for your product.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience responsibly!
