

# Rings with Universal-Interface - Clamp Ring with Universal-Interface 57mm

Battle-Proven Modularity: Designed for installation on either the riflescope's main tube or objective bell, these clamping rings feature the field-proven ERATAC UNIVERSAL interface. This tactical system allows you to attach various Picatinny rail lengths and specialized adapter plates for mounting secondary optics or electronic accessories.

Optimized Split Configurations:

Main Tube Rings: Feature a dual-split (two-piece) design.

Objective Rings: Feature a single-split (one-piece) design.

Note: For riflescopes equipped with an integrated mounting rail on the main tube, only the objective-style rings can be used.

Streamlined and Adjustable Profiles: Each ring has a robust width of 18 mm and a low-profile base height (BH) of 3 mm. If additional clearance is required, the height can be easily increased using optional ERATAC spacer blocks.

Freely Indexable Positioning: When installing the rings onto your optic, the radial orientation can be rotated 360 degrees, allowing you to position your accessories at the exact angle that fits your shooting style.

Duty-Grade Build: CNC-machined from high-strength aluminum and finished with a non-reflective, matte black Mil-Spec Type III hardcoat anodization for maximum corrosion and wear resistance.

## Attributes

- Name: Clamp Ring with Universal-Interface 57mm
- Manufacturer: ERATAC
- Product no.: EU2018013
- Mfr. No.: 03680-5757
- Colour: Black
- Delivery weight: 1kg
- Shipping height: 100mm
- Shipping width: 100mm
- Shipping length: 100mm
- EAN/UPC: 03680-5757

# Safety Instruction Guide for Rings with UniversalInterface Clamp

## Introduction

Thank you for choosing the Rings with UniversalInterface Clamp. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of the product. Please read this document carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always check for visible damage before installation. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Stay informed about recall updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- The rings are designed for use with riflescopes. Ensure compatibility with your specific scope model.
- Do not exceed the recommended torque specifications during installation to avoid damaging the rings or the scope.
- Avoid using the rings in extreme weather conditions that could affect their performance.
- Regularly inspect the rings for signs of wear or corrosion, especially if exposed to harsh environments.
- Ensure that all accessories mounted on the rings are securely attached before use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench.
- Ensure that your riflescope is clean and free from debris.

### 2. Installation:

- Identify the main tube and objective bell of your riflescope.
- For main tube rings, position the dualsplit rings around the main tube.
- For objective rings, position the singlesplit rings around the objective bell.
- Align the rings with the desired mounting location on the riflescope.
- Use the provided screws to secure the rings, ensuring they are tightened to the manufacturer's torque specifications.

### 3. Adjustment:

- Once installed, you can freely index the positioning of the rings. Rotate the rings 360 degrees to find the optimal angle for your accessories.
- If additional height is needed, install optional ERATAC spacer blocks as required.

### 4. Final Check:

- After installation, doublecheck that all screws are tightened and that the rings are securely mounted.
- Test the stability of the mounted accessories before use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste and materials.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility.

## **Contact Information for Further Support**

For any questions regarding safety, installation, or product performance, please contact your retailer or the manufacturer directly. Always ensure that you have the product details available when seeking assistance.

Thank you for prioritizing safety and compliance while using the Rings with UniversalInterface Clamp. Enjoy your shooting experience responsibly!
