

Backup Sights - Backup Sight Set complete HK-Style, Front Sight 1,8mm

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

Battle-Proven Precision: Engineered to withstand the harshest military deployments while delivering the extreme accuracy required for match-grade competition.

Same-Plane Dual Aperture: Features two integrated ghost rings (5 mm and 1.7 mm) calibrated to sit on the exact same focal plane, allowing for rapid transitions between close-quarters and long-range aiming.

Spring-Loaded Drop Protection: Equipped with a rugged, spring-loaded flip-up mechanism that deflects impacts, preventing damage to the sight housing under heavy field use.

Ultra-Low Profile: A sleek, minimalist design that collapses down to an exceptionally low base height of just 9 mm, keeping it completely clear of primary optics.

Standard AR-15 Alignment: Matches the exact optical height of standard AR-15 factory iron sights for an intuitive and seamless cheek weld.

Tool-less Elevation Adjustments: Supports interchangeable front sight posts and allows for continuous, precise height adjustments without requiring specialized tools.

Maritime-Grade Corrosion Resistance: Treated with a specialized technical coating that renders all components 100% rustproof, even when subjected to harsh saltwater environments.

Design Variants: Also available in a classic HK-style hooded folding front sight configuration.

Backup Sights Backup Sight Set Safety Instructions

Introduction

Thank you for choosing the Backup Sights Backup Sight Set, designed for durability and precision in various shooting conditions. This guide provides essential safety instructions and usage guidelines to ensure your product is used safely and effectively.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the sight set for any signs of wear or damage before each use.
- Keep the sight set out of reach of children and unauthorized users.
- Always follow local laws and regulations regarding firearm accessories.
- If you experience any issues with the product, cease use immediately and consult a professional.

Specific Safety Precautions for Use

- **Product Handling:** Handle the sight set with care to avoid dropping or damaging it.
- **Installation:** Ensure proper installation according to the manufacturer's instructions to prevent malfunctions.
- **Shooting Environment:** Use the sight set in appropriate environments, avoiding extreme conditions that may impact performance.
- **Maintenance:** Clean the sight set regularly to maintain optimal performance and prevent corrosion.
- **Awareness of Surroundings:** Always be aware of your surroundings when using firearms equipped with this sight set.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installation.
- Remove any existing sights if applicable, following the manufacturer's instructions.
- Align the Backup Sight Set with the mounting platform on your firearm.
- Secure the sight set in place using the appropriate tools, ensuring it is tightly fitted.
- Check alignment and adjust if necessary to ensure proper sighting.

2. Usage:

- Familiarize yourself with the dual aperture settings (5 mm and 1.7 mm) for different shooting distances.
- Adjust the front sight post as needed to achieve the desired elevation without the need for specialized tools.
- Practice transitioning between apertures to improve accuracy in varying distances.
- Always ensure that the sight is in the down position when not in use to prevent damage.

Disposal Instructions

- Dispose of the Backup Sight Set in accordance with local regulations regarding electronic waste and firearm accessories.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the Backup Sights Backup Sight Set.
