

Backup Sights - Offset Sight, HK-Style, complete, Front Sight 1.8mm

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

Rapid Canted Transitions: Mounted at a precise 45-degree angle on standard Picatinny rails, this offset sight allows for lightning-fast target acquisition at close ranges. Shooters can instantly transition from a high-magnification riflescope to mechanical sights with a simple twist of the rifle—no need to remove the primary optic.

Ambidextrous Modular Design: Built with field versatility in mind, the modular architecture can be easily converted to accommodate both right- and left-handed shooters.

Toolless Adjustment and Folding Deployment: Features a low-profile flip-up mechanism that folds flat when not in use. Elevation can be adjusted continuously and precisely by hand, completely eliminating the need for specialized tools.

Iconic HK-Style Profile: Engineered in the classic, hooded HK-style configuration, providing an intuitive, fast-centering sight picture.

High-Visibility Duty Post: Outfitted with a 1.8 mm (0.07") front sight post width, delivering an ideal balance of rapid target pickup and rugged reliability for tactical applications, service sports, and hunting.

Backup Sights Offset Sight Safety Instructions

Introduction

Thank you for choosing the Backup Sights Offset Sight, HKStyle. This product is designed to enhance your shooting experience with quick target acquisition and versatility. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use in accordance with EU regulations. Ensure that you understand how to use it correctly to avoid accidents.
- **Enhanced Recalls:** In case of any safety issues, recall notices will be provided. Always check for updates regarding product recalls.
- **Online Shopping:** If you purchased this product online, you have the same safety protections as if bought in a physical store.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, ensure you have access to the appropriate EU-based contact information.
- **Rapid Alerts:** Stay informed about any safety updates through the EU's Safety Gate system.

Specific Safety Precautions for Use

- Always ensure that the offset sight is securely mounted before use.
- Check the sight for any visible damage before installation and use.
- Use the sight only for its intended purpose as described in the product manual.
- Do not attempt to modify or disassemble the sight.
- Avoid using the sight in extreme weather conditions that may affect its performance.
- Always wear appropriate eye and ear protection when using firearms.
- Keep the sight out of reach of children and unauthorized users.
- If you experience any difficulties with the sight, cease use and consult the manual or seek support.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before installation.
- Locate a suitable position on your Picatinny rail for the offset sight.
- Align the sight at a 45-degree angle and secure it using the provided mounting hardware.
- Tighten the screws firmly but avoid overtightening, which may damage the sight or the rail.

2. Usage:

- To transition from your primary optic to the offset sight, simply tilt the rifle to the side without removing the primary optic.
- Adjust the elevation of the front sight post by hand. Turn the adjustment knob to achieve the desired height.
- To deploy the sight, flip it up using the low-profile mechanism. Ensure it locks into place before use.
- After use, fold the sight down to keep it protected and out of the way.

Disposal Instructions

- Dispose of the product according to local regulations regarding electronic and optical devices.
- Do not dispose of the sight in household waste. Check for designated recycling facilities in your area.
- Ensure that all components are disposed of safely, preventing harm to the environment.

Contact Information for Further Support

For any questions or concerns regarding the Backup Sights Offset Sight, please refer to the product packaging for contact information or visit the manufacturer's website for additional support resources.

Thank you for your attention to these safety instructions. Enjoy your shooting experience responsibly!
